
Conference Online Task Force

Chairs: Siobhan Hagan and Amy Ciesielski

The Local TV Task Force will build on the work of the original LTV Task Force (2003) to address issues in the preservation of local television: specifically dealing with local network affiliated station content and public or cable access channel content, and complicated copyright issues.. With the support of both the Regional AV Archives Committee and the News, Documentary, and Television Committee, the Task Force will focus on four areas: .

- Copyright and IP
- Funding
- Databases and Resources
- Digitization and Access
