# Continuing Education Advisory Task Force

Chairs: Janet Ceja and Andy Uhrich

The CEA Task Force is charged with both short-term and longer-term goals. The Task Force will recommend a strategic direction for AMIA's online continuing education program. As part of this recommendation, the Task Force will work to identify training/educational needs within the field, summarize existing core competencies analysis and definitions, identify strategic collaborators or partners, and consider the merits of individual certification.

As it gathers information, the task force will also work to identify topics and instructors for potential webinars for Fall/Winter 2018 and Spring, 2019. The reports will provide information about training and educational needs and proposed future topics.

## Roster

- Janet Ceja, co-chair
- Andy Uhrich, co-chair
- Karen Gracy
- Anne Kelly
- Kimberly Tarr
- Erwin Verbruggen
- Lance Watsky
