

The **AMIA Supplier Directory: A Global Directory of Services and Suppliers of Audiovisual Media** is a resource guide for those working with audiovisual media.

Available through the AMIA website and open to everyone, with the next issue due later in 2022.

If you are a supplier, service provider, association, or other organization serving those who work with audiovisual media, please add your listing through the simple submission form at <https://goo.gl/sE8ohN>. You **do not** need to be an AMIA member to be listed. The goal is to create as comprehensive a resource as possible to serve the community.

If you are interested in advertising in future issues, contact the AMIA office.

AMIA Partners and Sponsors

We encourage you to learn more about our partners and sponsors – they are committed to the field, providing funding and resources that make our events, programs and initiatives possible.

Iron Mountain Entertainment Services

1025 North Highland Ave.
Hollywood, CA 90038 USA
800-899-IRON | www.imes.media
Contact: imfscustomerservice.com
With Iron Mountain, media obsolescence is no longer an issue. Along with safety and preservation, your archive will be expertly migrated and managed in the ever-evolving digital world – all without you ever needing to research formats, transfer media, or pay for migration again. Once your assets are in our system, you can be sure that your archive will always be available and secure – no matter how media formats change - now and into the future.

PRO-TEK Vaults, LLC

3110 North San Fernando Blvd.
Burbank, CA 91504 USA
323-468-4469 | www.protekvaults.com
Contact: tim.knapp@protekvaults.com
For long-term safeguarding of film and other media assets, we set the standard of excellence. Our precise, critically-controlled environment and processes meet strict archival requirements. The experience and technical skills of our people are backed by their extensive knowledge of still photography and motion picture history. We answer questions of provenance, tackle preservation challenges and offer curation guidance to film studios, archives, private collections and other content owners.

www.beeldengeluid.nl/en
Contact: secretariaat@beeldengeluid.nl
Sound and Vision is the Netherlands' institute for media culture. We interpret current developments concerning people, media and society from a media-historical perspective by using our collection, as a media museum, a knowledge institute and educational partner. We show people how media have evolved in (recent) history, follow current developments and respond to new media phenomena. In this way, we contribute to an open media culture as part of a free society.

Consulting

Asian Film Archive

100 Victoria St., #04-01
National Library Bldg.
Singapore, 188064 Singapore
67773243 | www.asianfilmarchive.org
Contact: info@asianfilmarchive.org
The Asian Film Archive (AFA) aspires to
be an Asian film hub, contributing to
culture, scholarship and industry through
film preservation, organised screenings,
educational, and cultural programmes
that open and enrich new intellectual,
educational, and creative spaces to
promote a wider critical appreciation of
Asian film. Browse our catalogue via
asianfilmarchive.org and visit the
reference collection at
library@esplanade Singapore.

Audio Mechanics

1200 West Magnolia
Burbank, CA 91506 USA
818-846-5525
www.audiomechanics.com
Contact: john.polito@audio
mechanics.com

Audio Mechanics offers high quality
sound services focused on archival
preservation assessment, evaluation, and
restoration of film soundtracks,
audiotapes, and discs. Since 1991 we
have been providing technical expertise
in managing synchronous audio
elements, including proprietary analog
sound transfer of deteriorating mag film
(vinegar syndrome). Audio Mechanics'
experienced staff is expert in assessing
and efficiently addressing a multitude of
audio issues including WOW
minimization, noise removal, re-
mastering, re-formatting for DCP, HD and
theatrical exhibition.

Blackhawk Films - Film

Preservation Associates

3100 West Burbank Blvd., Suite 205
Burbank, CA 91505 USA
818-299-0433 | www.fpa-blackhawk.com
Contact: emile@fpa-blackhawk.com
Blackhawk Films offers a large range of
services for your archives. We specialize
in ambitious high level restoration
projects for both image and sound. The
expertise of the Lobster Films/Blackhawk
Films group is recognized worldwide. We
also offer screen licensing and stock
footage sales from our internationally
renowned collection.

Iron Mountain Entertainment Services

1025 North Highland Ave.
Hollywood, CA 90038 USA
800-899-IRON | www.imes.media
Contact: imfscustomerservice.com
With Iron Mountain, media obsolescence is no longer an issue. Along with safety and preservation, your archive will be expertly migrated and managed in the ever-evolving digital world – all without you ever needing to research formats, transfer media, or pay for migration again. Once your assets are in our system, you can be sure that your archive will always be available and secure – no matter how media formats change - now and into the future.

Media Transfer Service, LLC

317 Main St., Eyer Building
East Rochester, NY 14445 USA
585-248-4908
www.mediatransferservice.com
Contact: mtsinfo@rochester.rr.com
Specializing in high quality digitization of audiovisual media for businesses, educational institutions, and private collections. Our dedicated facility is staffed with professionals, focused on digital preservation of your media, with a no-frills approach. Our goal - offering you the highest quality media transfer available, with the best service possible, at reasonable rates. We digitize a broad range of video, audio, motion picture film and still image media formats. Visit our website to learn more.

MediaPreserve, The

111 Thomson Park Dr.
Cranberry Township, PA 16066 USA
800-416-2665
www.themediapreserve.com
Contact: info@themediapreserve.com
The MediaPreserve, a division of Preservation Technologies, provides consultaion, reformatting, and digital storage services for audio, video and film collections. Using expertly-modified legacy equipment as well as current technologies, our staff of engineers, librarians, archivists and metadata specialists transfer and document your collection materials according to professional standards and best practices so that your AV assets remain accessible into the future.

Northeast Document Conservation Center

100 Brickstone Square
Andover, MA 01810 USA
978-470-1010 | www.nedcc.org
Contact: broe@nedcc.org @nedcc.org
NEDCC provides digital reformatting of audio carriers using traditional as well as optical-scanning technologies. NEDCC performs traditional, fully-attended transfers of magnetic media, with 100% quality-control (i.e., not parallel transfers with spot-checking). The touchless IRENE technology images the grooves on fragile carriers such as wax cylinders and lacquer discs, and translates the TIFF files into BWF files. NEDCC also provides training on care and preservation of AV collections. NEDCC serves clients nationwide. Contact: Bryce Roe, broe@nedcc.org.

PRO-TEK Vaults, LLC

3110 North San Fernando Blvd.
Burbank, CA 91504 USA
323-468-4469 | www.protekvaults.com
Contact: tim.knapp@protekvaults.com
For long-term safeguarding of film and other media assets, we set the standard of excellence. Our precise, critically-controlled environment and processes meet strict archival requirements. The experience and technical skills of our people are backed by their extensive knowledge of still photography and motion picture history. We answer questions of provenance, tackle preservation challenges and offer curation guidance to film studios, archives, private collections and other content owners.

SPECS BROS., LLC

P.O. Box 195
93 South Main St.
Lodi, NJ 07644 USA
973-777-5055 | www.specsbros.com
Contact: admin@specsbros.com
A pioneer in audio and video restoration and digitization services since 1983, SPECS BROS. is considered by many to be the premiere magnetic tape restoration and re-mastering facility in the United States. From a handful of tapes to an archive of thousands, we give each tape the individual, expert attention it needs. In addition to our digitization services, SPECS BROS. also offers consulting and is world renowned in the field of magnetic tape disaster recovery.

Texas Archive of the Moving Image

501 North IH 35, Suite 204
Austin, TX 78702 USA
512-485-3073 | www.texasarchive.org
Contact: info@texasarchive.org
Since 2002, TAMI has served as a hub for expertise about the preservation of and access to Texas media heritage. TAMI provides digitization services at competitive rates; consults with institutional collection holders about specialized storage, digitization and file management strategies; creates traveling film screenings and education programs; provides free unique, high quality K-12 lesson plans; and licenses select footage for use in independent films and broadcasts. All fees from these projects support TAMI's educational mission.

National Film and Sound Archive of Australia (NFSA)

McCoy Circuit Acton
Canberra, ACT 2601 Australia
+61-2-6248-2000 | www.nfsa.gov.au
Contact: enquiries@nfsa.gov.au
The National Film and Sound Archive (NFSA) is Australia's 'living' archive. We are the national agency concerned with the visibility, usability and sustainability of Australia's audiovisual heritage. Our mission is to collect, preserve and share our national audiovisual collection – past, present and future – in order for others to learn, experience and create with it. The NFSA collection includes over 2.8 million items, encompassing moving image and sound production from Australia's earliest days to the present.

National Film Archive of India

Netherlands Institute for Sound and Vision

Pamariboplein 42-I
Amsterdam, 1058AT Netherlands
+31356774999

www.beeldengeluid.nl/en

Contact: secretariaat@beeldengeluid.nl
Sound and Vision is the Netherlands' institute for media culture. We interpret current developments concerning people, media and society from a media-historical perspective by using our collection, as a media museum, a knowledge institute and educational partner. We show people how media have evolved in (recent) history, follow current developments and respond to new media phenomena. In this way, we contribute to an open media culture as part of a free society.

Northeast Document Conservation Center

100 Brickstone Square
Andover, MA 01810 USA
978-470-1010 | www.nedcc.org
Contact: broe@nedcc.org

NEDCC provides digital reformatting of audio carriers using traditional as well as optical-scanning technologies. NEDCC performs traditional, fully-attended transfers of magnetic media, with 100% quality-control (i.e., not parallel transfers with spot-checking). The touchless IRENE technology images the grooves on fragile carriers such as wax cylinders and lacquer discs, and translates the TIFF files into BWF files. NEDCC also provides training on care and preservation of AV collections. NEDCC serves clients nationwide. Contact: Bryce Roe, broe@nedcc.org.

Texas Archive of the Moving Image

501 North IH 35, Suite 204
Austin, TX 78702 USA
512-485-3073 | www.texasarchive.org
Contact: info@texasarchive.org
Since 2002, TAMI has served as a hub for expertise about the preservation of and access to Texas media heritage. TAMI provides digitization services at competitive rates; consults with institutional collection holders about specialized storage, digitization and file management strategies; creates traveling film screenings and education programs; provides free unique, high quality K-12 lesson plans; and licenses select footage for use in independent films and broadcasts. All fees from these projects support TAMI's educational mission.

Northeast Document Conservation Center

100 Brickstone Square
Andover, MA 01810 USA
978-470-1010 | www.nedcc.org
Contact: broe@nedcc.org
NEDCC provides digital reformatting of audio carriers using traditional as well as optical-scanning technologies. NEDCC performs traditional, fully-attended transfers of magnetic media, with 100% quality-control (i.e., not parallel transfers with spot-checking). The touchless IRENE technology images the grooves on fragile carriers such as wax cylinders and lacquer discs, and translates the TIFF files into BWF files. NEDCC also provides training on care and preservation of AV collections. NEDCC serves clients nationwide. Contact: Bryce Roe, broe@nedcc.org.

Prasad Corporation

711 South Main St.
Burbank, CA 91506 USA
818-861-7417 | www.prasadcorp.com
Contact: paul.stambaugh@prasadcorp.com
Prasad Corp offers SD, HD, 2K, and 4K scanning for digitizing your 16mm and 35mm motion picture film and sound. Utilizing the high-performance DFT-Scanity film scanner, with the latest High Dynamic Range technology, we offer superior results at competitive prices. Digital restoration and still photography digitization is also available. Ask us how we can help you in developing a personalized plan that fulfills your collection's needs. Special pricing for AMIA Members.

PRO-TEK Vaults, LLC

3110 North San Fernando Blvd.
Burbank, CA 91504 USA
323-468-4469 | <https://protekvaults.com>

National Film and Sound Archive of Australia (NFSA)

McCoy Circuit Acton
Canberra, ACT 2601 Australia
+61-2-6248-2000 | www.nfsa.gov.au
Contact: enquiries@nfsa.gov.au
The National Film and Sound Archive (NFSA) is Australia's 'living' archive. We are the national agency concerned with the visibility, usability and sustainability of Australia's audiovisual heritage. Our mission is to collect, preserve and share our national audiovisual collection – past, present and future – in order for others to learn, experience and create with it. The NFSA collection includes over 2.8 million items, encompassing moving image and sound production from Australia's earliest days to the present.
